October 14, 2004

**RESPONSE TO FINAL OFFICE ACTION**

Commissioner of Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicant files this paper in response to the final Office Action mailed April 14, 2004. Also enclosed is a Petition for a three-month extension and Notice of Appeal together with the appropriate fees.

Reconsideration and allowance of the subject application are respectfully requested.

Claims 1, 2, 4-6 and 10-59 are pending in the present application.

Submitted with this Response is new, non-cumulative scientific evidence further demonstrating the existence of lower energy states of hydrogen in many different ways, including, but not limited to, studies of spectroscopic lines, energy output, compositions of matter, generated plasmas, and inverted hydrogen populations. Applicant also identifies the independent third-party data pursuant to the PTO's agreement, which evidence resulted in verbal confirmation of allowability of two BlackLight applications handled by Examiner Langel before he was forced to resign from the cases "for moral and ethical reasons," as explained below.
